TOOLS

1. Cloths
2. Paintbrush
3. Toothbrushes
4. Plastic knife

PRODUCT

1. Glass Cleaner
2. All-Purpose
3. Non-abrasive
Scrub
4. Grout Cleaner
5. Liquid Detergent

TIPS ON TOOLS & PRODUCT

1. Remember to always dip the damp cloth in to the non-abrasive scrub and shake off excess. This will stop wasteful use of product
2. Two toothbrushes are necessary – 1 dry and 1 for wet

CLEANING SMALL APLIANCES

Remove coffee pot and empty contents down the drain. Fill $\frac{1}{2}$ full with hot water and add a little squirt of liquid detergent. Place on counter by sink and let sit.

Remove filter holder and empty coffee grounds in to proper container (garbage or compost). Rinse out holder and leave in sink.

Spray the machine with glass cleaner (just a couple of shots at a time) and wipe down with cloth, removing all coffee spillage, fingerprints and smudges. Follow with a dry cloth to polish.

Make sure you clean the water sprayer and above where the coffee filter holder is placed. Wipe down the cord and clean and polish the dials and electronic area. Wash out, by hand, the coffee pot, handle and lid, dry with clean cloth. Dry filter holder with clean cloth and place both back in proper spots on machine

Lift open to remove used single container and dispose in garbage (single cup containers cannot be recycled).

Use toothbrush to remove stray coffee grounds around rim where single container is placed.

Wipe inner lid with a damp cloth (sprayed with glass cleaner) and when done close lid

Remove drip tray and place in kitchen sink. Spray the machine with glass cleaner and wipe with cloth, polishing dry as you go. Make sure to get all sides, under and on top. Wipe cord

Take apart drip tray and spray with all-purpose, rinse and wipe dry, put back together and place back into machine.

Spray kettle with glass cleaner and with a dry cloth, polish dry removing all smudges and fingerprints. Do not forget handle and cleaning underneath
Lift lid to clean the inner edge
Wipe down cord

Unplug toaster. Find crumb tray/trays under toaster. Remove and empty crumbs in to appropriate container (composter or garbage). Turn toaster upside down and gently shake garbage or sink to remove stray crumbs. Place crumb tray/trays back in to place
Spray the outside of the toaster with glass spray, avoiding the vent area. Use toothbrush to clean around knobs and buttons as well as vent. Wipe with cloth, all side and top. Polish dry. Wipe cord and plug back in

Spray outer with glass cleaner. Use toothbrush to clean around buttons and wipe with cloth all sides to remove smudges. Wipe down lid, glass and handle. Polish dry. Wipe cord

Remove crumb tray, located at the bottom. Empty in to proper container (garbage or compost). Spray with glass cleaner and wipe clean. If there is stuck on food, spray with all-purpose and let sit while cleaning the rest of the toaster oven.

Open glass door and spray glass cleaner on inside glass. With toothbrush, clean the edges and then wipe glass with cloth and polish dry

Spray outside with glass cleaner. Use toothbrush to clean around dials and to remove crumbs along bottom door edge. Wipe top and sides along with back and bottom and polish dry. Spray outside glass and polish dry. Wipe cord and replace crumb tray

There are times when the top gets stained or there is a build up of grease on window. Dip a dampened cloth in to the non abrasive scrub and lightly scrub the affected area to remove the stain or grease build up. Spray with glass cleaner and wipe with cloth. Polish dry

As for the inside of toaster ovens. That should be treated the same as an oven and charged accordingly to detail.

Spray can opener with grout cleaner (disinfectant). Use toothbrush to scrub the metal parts to remove food debris and bacteria. Wipe with cloth, front, back, sides and handle. Polish dry and wipe cord.

Spray with glass and wipe top, front, back and sides. Remove bowl to wipe base. Wipe out inside of bowl and outside along with handle. Polish dry. Wipe cord.

OTHER STUFF HANGING OUT ON THE COUNTER

Spray chopping blocks with grout cleaner (disinfectant) and with hand held scrub brush work it in. Rinse with hot water and place on side in sink to dry before placing back on counter.

Spray cloth with glass cleaner and wipe top and of spice storage. Wipe lids of spices without removing and with cloth wipe glass containers by spinning while wiping. Remove bottom spices to clean the bottom of spice storage. Place spices back.

Spray outside of canisters with glass cleaner wipe with cloth and polish dry

Remove utensils from container. Spray with glass cleaner and wipe. Return utensils to container

Lift up paper towel and with a damp cloth (sprayed with glass cleaner) wipe base.

Dampen cloth with glass cleaner and wipe down handles, sides, front and back of block. Use cloth to clean between rows.

Spray dish tray with grout cleaner (disinfectant) and wipe with cloth. Polish dry
To remove hard water stains from tray, dip dampened cloth in to non-abrasive scrub and starting from one corner rub cloth back and forth from one side to the other until you reach the bottom. Spray with glass cleaner and wipe away residue from scrub and polish dry.

Spray with glass cleaner and wipe. Polish dry

Rinse out the inside of tea pot with hot water. Never scrub the inside clean as some people believe that tea improves as the inner walls stain heavy with past tea
Spray the outside with glass cleaner and wipe. Polish dry

AND THE COUNTER

Spray the granite counter top with all-purpose spray and with cloth wipe away all food residue, spills etc. Spray counter with glass cleaner and polish with clean, dry cloth to get this high shine.

Spray wood counters with grout cleaner (disinfectant) and wipe with cloth

Spray stainless counters with all-purpose and wipe. Polish dry with glass cleaner.

Spray glass counter with glass cleaner and wipe. Polish dry

Spray tile counters with grout cleaner (disinfectant) and with hand held scrubber, scrub the grout. Spray with all-purpose and wipe. Polish dry

Spray marble counter with glass cleaner and wipe with cloth. Polish dry

Spray laminate counters with grout cleaner (disinfectant) and using hand held scrub brush, scrub to remove debris from dimples in counter. Spray with glass cleaner and wipe. Polish dry
